

# Enrollware

*Training Management Made Effortless*

## **Streamline. Automate. Grow.**

Enrollware is a modern, cloud-based training management system built to simplify every aspect of running a training organization. From class scheduling to online registration to certification tracking, Enrollware brings your entire workflow into one intuitive platform — so you can focus on delivering exceptional training.

## **Powerful Tools for Training Providers**

### **Online Registration**

- Customizable class listings
- Real-time seat availability
- Secure online payments
- Automatic confirmation emails

### **Instructor & Class Management**

- Easy drag-and-drop scheduling
- Instructor availability tracking
- Automated rosters and sign-in sheets
- Centralized class documentation

### **Certification Tracking**

- Store and manage student records
- Quick certificate lookup
- Automated renewal reminders
- Integration with major certifying bodies

## **Business Insights**

- Enrollment analytics
- Revenue and performance reporting
- Exportable data for audits and compliance

## **Designed for Organizations Like Yours**

Perfect for:

- CPR & First Aid training centers
- Safety and compliance programs
- Corporate training departments
- Healthcare education providers

Enrollware scales effortlessly — whether you run a single class a month or manage hundreds of sessions across multiple locations.

## **Why Enrollware Stands Out**

| <b>Feature</b>       | <b>Benefit</b>                            |
|----------------------|---|
| Cloud-based platform | Access anywhere, no installation required |
| Automated workflows  | Reduce admin time and eliminate errors    |
| Integrated payments  | Faster, smoother revenue collection       |
| Student self-service | Fewer calls, fewer manual tasks           |
| Scalable system      | Grows with your business                  |

## **A Better Experience for Everyone**

Students enjoy a simple, modern registration process. Instructors get organized schedules and rosters. Administrators save hours every week with automation.

Enrollware transforms training management into a seamless, efficient, and professional experience from start to finish.
